March 2016 (updated October 2017)

ACKNOWLEDGEMENT TO COUNTRY

City South Association Inc. acknowledges that we are located on the traditional country of the Kurna people of the Adelaide Plains, and pays respect to Elders past and present.

We recognise and respect their cultural heritage, beliefs and relationship with the land. We acknowledge that they are of continuing importance to the Kurna people living today.

MESSAGE FROM THE PRESIDENT

I am privileged and delighted to present City South Association's Strategic Plan that will guide our overall undertakings from 2016 – 2018.

Over the next two-year period, this plan will lay the foundation for our precinct group to work towards defined activities and projects. It will guide us to achieve our objectives and purposes as stated in our Constitution.

Our vision is to strive to be a 'destination precinct that's open to all'. In addition, we want to explore opportunities to encourage further membership in accordance with our Constitution.

The overarching purpose of this Strategic Plan is to provide the fundamental framework for delivery of City South Association's objectives and purposes.

This plan is underpinned by five key Strategic Pillars, which are as follows:

- Business and Mainstreets Focus;
- Community Engagement;
- Art and Culture;
- Marketing and Events and
- Safety and Environmental Sustainability.

Many challenges and hard work lie ahead to successfully achieve the goals associated with our Strategic Pillars. However, I believe they are attainable since dedication, tenacity and willingness from City South Association's members has allowed us to stage many wonderful events and projects in the past. These have defined 'who we are' and 'why we get involved'.

City South Association is excited about our future and believes that we have a significant role to play in helping Adelaide City Council create a vibrant world-class city.

David Bolton
President
